Recommandation for Julia Medugno; Dance Teacher and Choreographer

To whom it may concern:

Julia has worked with the Cathy Sharp Dance Ensemble in Basel as a professional dancer for 3 seasons and she has distinguished herself as an excellent performer. Her integrity, creativity, and musicality are personal qualities that have enhanced her professional career.

Julia has also been very active and innovative as a teacher with our company and in our SchoolDance program. She has the ability to communicate the joy and excitement of movement/dance and to transmit the magic of the stage. She has experience working with all age groups from small children, young people, adults and dance students training for a professional life.

She would be a valuable addition to a creative team.

I am available at any time for questions if the need should arise.

Best regards
